Barnum's Pet Jumbo Crosses the Atlantic.
St. Thomas, Oct. 17.—Barnum's circus exhibited here Tuesday, and it met with such a succession of misfortunes as seldom falls to the lot of any individual firm of showmen. The inaugural accident took place in the afternoon when one of the performers named William Nichols, while riding a horse in the jockey race, was thrown from the animal's back and landed upon his head, fracturing his skull. Jumbo was severely injured by being caught between two freight trains, and died shortly afterward.

St. Thomas, Oct. 17.—The morning papers contain columns of obituary notices and reminiscences of Jumbo. The telegraph appears with huge headlines announcing the death of the elephant, and the children's favorite and describing the manner of his death.

Sherman Makes Another Speech.
Massillon, Ohio, Sept. 17.—Senator Sherman spoke here Wednesday night, replying to Governor Hoadley's Palaceville speech. No reference was made to state issues.

The speaker said he was not complaining of the result of the war, but insisting upon their observance; that the constitutional amendments, the chief results of the war, had been secured, and that the chief of which was the right to vote that the pardon of the Confederate soldiers given to Gen. Grant required of them, as an obligation of duty and honor, to obey these conditions of peace, and that the Democratic party of the south, by crimes unnumbered, had deprived those freedmen of the right to vote and of all political power; that the events of which would occur since the war were a part of the policy of the Democratic party of the south, and never would be condoned until redressed. I said I would keep this issue before the Governor Hoadley as a candidate for governor of Ohio until he either disputed or defended this enormity, and especially so as he had been with me in political faith and action in the constitutional guarantees of liberty and equality to the freedmen.

Trunked Cleared by Cossacks.
Buffalo, N. Y., Sept. 17.—In 1850, a German woman, member of the Roman Catholic church, was married in Buffalo, lived with her husband two years, when he deserted her, married another woman, and fled to Canada. Last spring the lady received a telegram purporting to come from her brother-in-law, stating that her husband was dead. She accepted the information as true. This summer she was married again to a respectable business man of Buffalo. A few days ago her first husband reappeared and confessed that he was the living being of the charge of bigamy. The matter is now under a lawyer and names are withheld for the present. The poor woman and her second husband are much distressed. The situation is complicated by the fact that the Roman Catholic church to which the parties belong does not sanction divorce.

Supporting Cleveland with a Reservation.
Baltimore, Sept. 17.—The Democratic state convention met here Wednesday and nominated candidates for comptroller of the treasury and clerk of the court of appeals. The platform adopted indorses Cleveland's administration. With regard to civil service it claims that the honor of Republican officeholders obtained their positions as rewards for partisan services before the passage of the civil service law. They would not have been appointed to or kept in office under any rightly constructed or administered system of civil service, and they should not be allowed to remain in office of a Democratic administration. The speedy and radical reform of the civil service system is advocated.

Honors to Curley's Widow.
Chicago, Sept. 17.—Mrs. Curley, the widow of Daniel Curley, who was implicated in the political assassination of Lord Cavendish and Under Secretary Bourke in Phoenix park, Dublin, and banished by the British government in May, 1883, was tendered a welcome and reception by the Irish people of Chicago Wednesday evening. Mrs. Curley, with one of her two children, occupied a seat on the stage, and John Finerty delivered an address, denouncing British government methods, and declaring that the cause had at length found a champion in a vice president of the United States, who is not afraid to say that England should restore to Ireland its native parliament.

Will Be Tough on the Salts.
Salt Lake City, Utah, Sept. 17.—In the district court Wednesday Chief Justice Kane instructed the grand jury that where a man is charged with the unlawful collection of three years the jury could divide the time into any number of periods and indict for each. The maximum punishment for an offense is six months. It is said to be the purpose of the court to convict on a number of indictments and thus keep the punishment in the penitentiary for years. Mormons are greatly alarmed by the new order.

Conceded a Rule of Wages.
Pittsburgh, Sept. 17.—A Wood's Run special confirms the report that the Cedar at the Clippert, Rutherford and Cedar Hill mines, in the fourth pool, have conceded the demands of their striking employees, and that work will commence at once at the cent rate. The strikers are very jubilant. Similar action at other mines is anticipated.

Gen. Logan's Book.
New York, Sept. 17.—John A. Logan's book is now in the hands of the publishers, A. R. Hart & Co., of 10 Murray street. The title of the work was only decided upon last week, while Mr. Hart was in Chicago, and is one that gives an excellent idea of the contents of the book. It is "The Great Conspiracy: History and Origin." The book is a study of the cause which has been the scourge of the south from the Union, paying back to the time of the revolution, and the tariff question.

Philadelphia, Pa., Sept. 17.—Dr. Spencer Randall, in an interview Tuesday evening, stated that he should be a candidate for the speakership of the house of representatives at the coming session. He also said that he would be heard from next winter on the tariff question.

Removal of the Iron Brigade.
Madison, Wis., Sept. 17.—The twenty-third anniversary of the battle of Antietam was celebrated by the old Iron Brigade, which was present at the battle of Antietam, which was made up of the Second, Sixth and Seventh Wisconsin, Twenty-fourth Michigan, and Nineteenth Indiana. The brigade was occupied in registering names for the monument to the battle of Antietam, and the afternoon devoted to the regular business meeting in the capitol. The old officers were re-elected. A band of music played in the park during the day, and great crowds assembled.

The Army of the Cumberland.
Grand Rapids, Mich., Sept. 17.—The meeting of the Society of the Army of the Cumberland, held here Wednesday, was largely attended. At the business session of the society Gen. Sheridan presided, and matters of interest to the members were attended to. In the afternoon a reception was given to "Little Phil," and at night the opera house was crowded with the public meeting, where Governor Alger welcomed the veterans, and Gen. Sheridan responded at considerable length, referring especially to the first regiment which he commanded—the Second Michigan. The principal address was made by Gen. Muzzey and Mr. McCann of Chicago, recited "Sheridan's Ride," which was received with loud cheers.

Scene in a Pennsylvania Court.
Erie, Pa., Sept. 17.—The trial of Bank President Adam Brabner was resumed Wednesday. A sensation was created by one of the witnesses, a poor widow named Maguire, who, being asked if she knew Brabner, stood up and dramatically denounced him for robbing widows and orphans and for wrecking the mind of her son, now in an asylum. An additional sensation was caused by the discovery that notes had been forged upon promissory notes, who never had any dealings with the bank, and that with these notes the audit books had been gulled into making false statements that would cover up the crime.

Hill and Leather Men.
Chicago, Sept. 17.—The third annual convention of the National Tanners, Hide and Leather association of America, began Wednesday at the Grand Pacific hotel. In all there are about 275 delegates in attendance, representing at least 400 firms engaged in the trade. Cincinnati is largely represented, a special train of eleven passenger cars having arrived. Wednesday's session was devoted to the discussion of bar-bird and branding questions, and also a proposition to form a tanners' and leather dealers' cooperative insurance company.

A Navy Yard on the Moon.
New York, Sept. 17.—Work at the Brooklyn navy yard is being done. The iron clad torpedo, which will be one of the best equipped vessels that ever graced the American navy, is almost completed, and will be launched in a few weeks. As this will be the first launching that has taken place in the yard for ten years, the public will be invited to witness the ceremony. Among other work which is to be pushed is the completion of the Brooklyn, Tallapoosa and Montpelier.

Frailty in the Silver Market.
London, Sept. 17.—A panic prevailed in the silver market Wednesday. Prices dropped to the lowest point reached in the present century. Indian bankers refuse to give more than 17s. and Indian exchange has fallen to 1s. 10d. per rupee. The uncertainties of trade with India are paralyzing the exportations of Lancashire goods. The announcement that Belgium had withdrawn her opposition to the French proposal that the Latin union be renewed until January, 1897, failed to support the market.

Prohibition State Convention.
Baltimore, Sept. 17.—The state convention of Prohibitionists was held here Wednesday. It was called to order by Lion William Danahy. A resolution was adopted to the effect that economy, patriotism, humanity and religion demanded the prohibition of the liquor traffic by state and national laws. The city convention of the same party put candidates in the field for the various court clerkships, register of wills, sheriff, and surveyor.

Thirteen Acres of Lumber Burned.
Nashville, Tenn., Sept. 17.—The Southern Pump company's mills, dry houses, stables and lumber yards, covering thirteen acres, were destroyed by fire Wednesday morning. The origin of the fire is unknown. Loss, \$200,000; insurance, \$80,000. It employed 180 hands.

Illinois State Fair.
Chicago, Sept. 17.—The attendance upon the Illinois state fair, Wednesday, was very large, and the financial success of the exhibition is already assured. The weather is delightful. The races Wednesday were won as follows: First race, 3/4 mile heat, by Alta Oyster; best time, 1:33. Second race, 1 mile, by Dictator; best time, 2:43. Third race, 3/4 mile, by Alta Oyster; best time, 2:30.

Ames J. Adams.
CHENFIELD, Mass., Sept. 17.—Ames J. Adams, alias Charles Adams was arraigned Wednesday charged with murdering Moore B. Decker at Amherst, Mass., Nov. 25, 1875. He pleaded not guilty and counsel was assigned him and the first Monday in December appointed for the trial. After being away ten years he was caught in Tennessee where he had worked of the crime.

Meeting of Technologists.
Buffalo, N. Y., Sept. 17.—The Technological Society of the United States, composed of architects, civil engineers, machinists and chemists will meet in this Oct. 3. Delegates are expected from New York, Philadelphia, Chicago and other large cities.

Out Door Sports.
With the opening of the season of outdoor sports comes the time of trouble for the poor victims of Hay Fever and Rose Cold. For them flowers have no odor, and the summer little or no beauty. They are miserable creatures, their eyes are for their sensitive nostrils, and their nose is their pitiable portion. There is no help in sea voyages, there is no help in high mountain air. But there is a positive cure in Ely's Cream Balm. Try it. If you suffer in this way, it is because you neglect a remedy as sure as it is cheap and pleasant.

Prentiss & Evenson will refund the price of Ely's Cream Balm if it does not relieve any skin or blood disorder. A new, but thoroughly tested discovery. P. W. I. Blood, P. & E.

CONDENSED NEWS.

A Dozen Bands and Red Fire.
CINCINNATI, Sept. 17.—The order of Cincinnati's light in the street pagoda illustrating scenes from the oriental poem Lallah Rookh, which passed through the city to the accompaniment of a dozen bands of music and red fire.

TRAIN OF CARS ON FIRE.
Thirty Thousand Gallons of Crude Petroleum on Fire.
POTTSVILLE, Pa., Sept. 17.—The second section of a large train of mixed cars on the Catawissa branch of the Erie Railroad, heading west, ran into the first section, which by an accident had been compelled to stop. Wednesday morning, near "Hannau," causing a disastrous wreck. The second section was composed of oil tanks and they began bursting, having taken fire in the collision. The burning oil was thrown in all directions, and the bursting tanks were scattered all over the neighborhood. The iron band of one of the tanks wound itself around a tree 100 yards from the railroad, while the end of the tank was thrown 300 yards. About 30,000 gallons of crude oil ran burning along the railroad, destroying the ties and warping the rails for nearly two miles, and effectually closing traffic on that branch for a week. The total loss will not be far from \$75,000.

Removal of the Iron Brigade.

HARD TO PLEASE.

—St. Patrick's Society dance at the Guards' armory to-night.

—The coroner's jury in the Broder case, stands adjourned until next week.

—Go to the Guards' armory to-night, and dance to the music of Anderson's band.

—The huckman are having a fair harvest to-day, carrying passengers to the fair—only ten cents.

—Public dance of the Janesville Concoordin society this evening at Concordia hall—Mitchell block.

—Janesville Chapter No. 5, R. A. M., regular semi-monthly convention this evening at Maschio hall.

—Bluff street in front of the Park house is blockaded with the carriages of those in attendance at the fair.

—The rush to the fair was so great this afternoon that busses were loaded with passengers for the grounds before reaching Bluff street.

—The upper cotton factory, which was compelled to shut down a few days ago to repair a broken shaft, will resume work again to-morrow morning.

—Secretary Vankirk estimates the crowd of people in attendance at the fair to-day at twelve thousand, claiming the largest crowd ever seen on the grounds.

—The Union club will give a social dance at Apollo hall to-morrow evening. Admission 50 cents. Music, Anderson's full band. A cordial invitation is extended to all.

—During yesterday afternoon an exhibition was made of the tobacco store invented by Morris Smith, of Farley, Iowa. The trial was made on the field adjoining the fair grounds, and was quite a success.

—Eugene McAlpin, son of Mr. and Mrs. Alex McAlpin, North Main street, accidentally caught his left hand in the gear wheel of a self-binder at the fair ground yesterday, and three of his fingers were badly bruised.

—The Badger cook store and range is in full operation at the fair ground to-day, and Mr. N. Griswold is very busy showing the many excellent points of the stove, which the public greatly admire. Griswold is at home handling a stove—especially such a good one as the "Badger."

—We mentioned in last evening's Gazette that Mr. Josh Hoskins, of Harmony, had the "boos" squelch on exhibition at the fair. Well, we do not wish to take that back, but will add that the squelch weighs just 98½ pounds, and is of the Armfield variety. Mr. Jesse Miles, of this city, exhibits a Hubbard weighing 68 pounds, which is a monster of its kind.

—Here is something for the Janesville Lime Club club to consider before Brownell's supply of delicious melons are exhausted: "A favorite pastime in New Jersey is gambling on the apple of a watermelon contains. Each player puts in 25 cents and makes his guess; then the melon is cut and the seeds are counted, and the best guesser takes the pool. Something over 600 seems to be the average number."

—Last night there was a young man by the name of Shoemaker in Cox's saloon who felt disinclined to pay for his music. Besides that he insisted that the bar keeper was a monopolist, for trying to collect the bill so soon. The dispenser of moist refreshments thought differently and after a few moments of lively conversation in the course of which he bumped the young man's head forcibly against the ceiling several times, that person decided that perhaps it would be better to pay up.

—Those who did not happen along in the art hall yesterday when the elder pump was working, missed one of the finest sights of the day. The manager of the pump was a wicked hardware man whose show case was located near the window opening out on the outer stand. After the hardware man had been in the building about an hour he began to feel thirsty. Just then he happened to look out of the window and saw the elder barrel. He held a short consultation with his neighbor, then an infantile Krupp gun was brought out of the show case, and the elder dispenser was horrified by the landscape which he was forced to view through the patent telescoping handle, dished chamber, nickel plated, warranted-to-break, disagreement among the best friends, forty-nine or 'her revolver. This vision of the here for two glasses of cider. The elder was forth coming directly, but when the hardware dealer handed back the empty glasses and showed the owner that the gun was as empty as they were, he swore an emphatic oath to the effect that no one could ever get cider out of him again with anything smaller than a stove pipe.

—The Academy was crowded to its fullest capacity last night at the first performance of Fred Marston's bright company of "Cheek." "Standing room only" was announced before the raising of the curtain, and the enthusiastic reception of the play fully warrants the prediction that it will draw crowded houses all the week. Mr. Roland Reed fully justified his title to be ranked among the best comedians of the day by his personation of the leading character, Dick Smythe, which is one of the most successful of Mr. Marston's personations. That this is high praise considering that is said of the work of him who gave Lotta's "Bet and Zip" and Joseph Murphy's "Kerry Gow" and "Shawn Rue" to dramatic literature, we well know, but we believe it to be fully justified. Written for Mr. Reed, "Cheek" is admirably adapted to show the perfection his versatility as a comedian, and the leading character does nothing in his hands. Like all of Mr. Marston's plays, no pains have been spared in the development of the minor characters in "Cheek," and these are admirably sustained by a first class company of ladies and gentlemen. The scenery is as good as the play, and drew hearty applause from the audience. Taken altogether, "Cheek" is a triumph of dramatic art which well deserves the enthusiastic applause lavished upon it wherever it has been presented.

Mr. Roland Reed fully justified his title to be ranked among the best comedians of the day by his personation of the leading character, Dick Smythe, which is one of the most successful of Mr. Marston's personations. That this is high praise considering that is said of the work of him who gave Lotta's "Bet and Zip" and Joseph Murphy's "Kerry Gow" and "Shawn Rue" to dramatic literature, we well know, but we believe it to be fully justified. Written for Mr. Reed, "Cheek" is admirably adapted to show the perfection his versatility as a comedian, and the leading character does nothing in his hands. Like all of Mr. Marston's plays, no pains have been spared in the development of the minor characters in "Cheek," and these are admirably sustained by a first class company of ladies and gentlemen. The scenery is as good as the play, and drew hearty applause from the audience. Taken altogether, "Cheek" is a triumph of dramatic art which well deserves the enthusiastic applause lavished upon it wherever it has been presented.

—The Academy was crowded to its fullest capacity last night at the first performance of Fred Marston's bright company of "Cheek." "Standing room only" was announced before the raising of the curtain, and the enthusiastic reception of the play fully warrants the prediction that it will draw crowded houses all the week. HARD TO PLEASE.

—St. Patrick's Society dance at the Guards' armory to-night.

—The coroner's jury in the Broder case, stands adjourned until next week.

—Go to the Guards' armory to-night, and dance to the music of Anderson's band.

—The huckman are having a fair harvest to-day, carrying passengers to the fair—only ten cents.

—Public dance of the Janesville Concoordin society this evening at Concordia hall—Mitchell block.

—Janesville Chapter No. 5, R. A. M., regular semi-monthly convention this evening at Maschio hall.

—Bluff street in front of the Park house is blockaded with the carriages of those in attendance at the fair.

—The rush to the fair was so great this afternoon that busses were loaded with passengers for the grounds before reaching Bluff street.

—The upper cotton factory, which was compelled to shut down a few days ago to repair a broken shaft, will resume work again to-morrow morning.

—Secretary Vankirk estimates the crowd of people in attendance at the fair to-day at twelve thousand, claiming the largest crowd ever seen on the grounds.

—The Union club will give a social dance at Apollo hall to-morrow evening. Admission 50 cents. Music, Anderson's full band. A cordial invitation is extended to all.

—During yesterday afternoon an exhibition was made of the tobacco store invented by Morris Smith, of Farley, Iowa. The trial was made on the field adjoining the fair grounds, and was quite a success.

—Eugene McAlpin, son of Mr. and Mrs. Alex McAlpin, North Main street, accidentally caught his left hand in the gear wheel of a self-binder at the fair ground yesterday, and three of his fingers were badly bruised.

—The Badger cook store and range is in full operation at the fair ground to-day, and Mr. N. Griswold is very busy showing the many excellent points of the stove, which the public greatly admire. Griswold is at home handling a stove—especially such a good one as the "Badger."

—We mentioned in last evening's Gazette that Mr. Josh Hoskins, of Harmony, had the "boos" squelch on exhibition at the fair. Well, we do not wish to take that back, but will add that the squelch weighs just 98½ pounds, and is of the Armfield variety. Mr. Jesse Miles, of this city, exhibits a Hubbard weighing 68 pounds, which is a monster of its kind.

—Here is something for the Janesville Lime Club club to consider before Brownell's supply of delicious melons are exhausted: "A favorite pastime in New Jersey is gambling on the apple of a watermelon contains. Each player puts in 25 cents and makes his guess; then the melon is cut and the seeds are counted, and the best guesser takes the pool. Something over 600 seems to be the average number."

—Last night there was a young man by the name of Shoemaker in Cox's saloon who felt disinclined to pay for his music. Besides that he insisted that the bar keeper was a monopolist, for trying to collect the bill so soon. The dispenser of moist refreshments thought differently and after a few moments of lively conversation in the course of which he bumped the young man's head forcibly against the ceiling several times, that person decided that perhaps it would be better to pay up.

—Those who did not happen along in the art hall yesterday when the elder pump was working, missed one of the finest sights of the day. The manager of the pump was a wicked hardware man whose show case was located near the window opening out on the outer stand. After the hardware man had been in the building about an hour he began to feel thirsty. Just then he happened to look out of the window and saw the elder barrel. He held a short consultation with his neighbor, then an infantile Krupp gun was brought out of the show case, and the elder dispenser was horrified by the landscape which he was forced to view through the patent telescoping handle, dished chamber, nickel plated, warranted-to-break, disagreement among the best friends, forty-nine or 'her revolver. This vision of the here for two glasses of cider. The elder was forth coming directly, but when the hardware dealer handed back the empty glasses and showed the owner that the gun was as empty as they were, he swore an emphatic oath to the effect that no one could ever get cider out of him again with anything smaller than a stove pipe.
